Exhibit list to be prepared by counsel

Counsel were instructed to confer on scheduling as to post-hearing briefing, future motions, and remaining pre-trial deadlines. Counsel were further instructed to attempt to narrow the outstanding issues, to determine a mechanism for government access to documents as needed to respond to the Court's questions, and to discuss the issues contemplated for motion practice as to the superseding indictment. Finally, counsel were instructed to inform the Court as to their general plans and areas of disagreement via email on or before January 16, 2018, and the Court will schedule a call shortly thereafter to discuss.

Before the close of the hearing, the Court informed Mr. Adams of his right to be personally included on such a call. Mr. Adams waived that right, but noted that he would try to participate if possible.

The Motion to Suppress will not be taken under advisement until the contemplated substantial additional briefing is received and the record is complete.
